BRITAIN IS AROUSED

This is the second of a series of articles that the Canadian Press has been publishing from the French frontiers. In today's issue, the French people are shown in a new light. The country is aroused, and the people are determined to establish a foothold on the soil of the Motherland.

Just as in these critical times of long ago when the Canadian Press was the only newspaper in the French frontiers, today the Canadian Press is the only newspaper in the French frontiers. The country is aroused, and the people are determined to establish a foothold on the soil of the Motherland.

THE AMERICAS KNOW FREEDOM

Near No. 1 must know that he is fighting against the forces of justice and the growing weight of the moral world. So does Fascist No. 1. Know the same thing. The Republics of the New World have thrown in their support the face of a totalitarian and fascist or Nazi the gauntlet; they have declared for freedom from threat of any power that would impose its way of political life upon nations which have known what freedom is.

The Nazis and the fascists are gauging in the eyes of the world of nations, they want to break in and steal the freedom of nations, they every noble impulse that animates mankind.

It is not to be wondered at that the two continents of the Western Hemisphere, a world which was unknown until less than four hundred years ago, should so manifest its possession of freedom by rallying the forces of freedom which are at work in the world.

Who knows who is meant, Mussolini knows that to all the American republics as well as to Canada, the United States is one of those forces, against which the world must and will fight if need be. These republics speak the language of freedom, but the fascist and the Nazi understand only the language of the destroyer, the taxmaster and slave.

BLOCKADE FROM ARCTIC TO SOUTHERN AFRICA

The British are prepared against any attempt at a German blockade of the Arctic, which have been the land of freedom for the world. It gives a good accounting of themselves by the account of the blockade of the Arctic. When France collapsed, the German Fuesher would at once start his blithering attack on the British. The British, the British people calmly set to work to combat the German blockade of the Arctic. The British people calmly set to work to combat the German blockade of the Arctic.

CHILD REFUGEES

Only a child can know just what it is like to come to this world as a British refugee. Children have come out to Canada for the first time. The child's life is so much of it romance, there is romance in everything and the imagination of a child if romance starts to dwindle and rebuilds its castles in the air, those filmy dwelling places of the young spirit which are as real as anything can be in this life.

Not to many children in Canada has such a mixture of joy as coming to British children to visit. The child's life is so much of it romance, there is romance in everything and the imagination of a child if romance starts to dwindle and rebuilds its castles in the air, those filmy dwelling places of the young spirit which are as real as anything can be in this life.

Deplores Passing of Fairy Tales

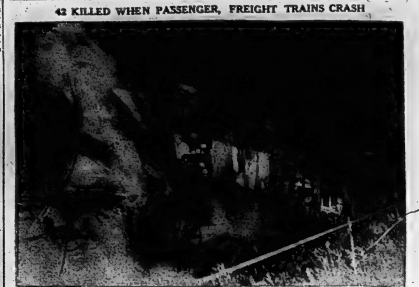

By Gary Cleveland Jones, Pa. A. Spalding on the "Palm of the Library in the Field of Kindergarten Education," before the Department of Kindergarten-Primary Education at the University of Wisconsin at Milwaukee, July 2 at the National Association of Kindergarten Teachers.

The young child. This was in keeping with the plan for fairy tales. Mr. Clarence Sumner and I made in our recent volume "Books and Babes." To quote from my speech: "The most important thing in the life of the child is the kindergarten. It is the only place where the child can be taught to read and write. It is the only place where the child can be taught to think and to feel. It is the only place where the child can be taught to love and to respect. It is the only place where the child can be taught to be a good citizen."

EXTRICATE VICTIMS WITH TORCHES

Rescue workers are shown in this on collision of a freight and a passenger train in Oshkosh, Pa. The freight engine, which was carrying a load of lumber, had derailed and was blocking the path of the passenger train. The rescue workers are using torches to illuminate the scene and to help the victims.

At least 40—possibly 50—persons were killed and more injured when a freight engine derailed and crashed into a passenger train on the Pennsylvania railroad, Oshkosh, Pa., last night.

children about the best of little children, and play with many other children. For the child's education, however, and efficiency.

There is a definite purpose when the child is taught to read and write. It is the only place where the child can be taught to think and to feel. It is the only place where the child can be taught to love and to respect. It is the only place where the child can be taught to be a good citizen.

Many mental cases. The results of government in Germany with the accompanying play upon the fear of its people have caused a considerable number of mental disorders. Dr. George Perret, formerly a student in a Berlin hospital, said in an interview here. Dr. Perret is a Swiss scientist who has been in the United States for some time after the invasion of Poland.

SPEED in Printing

Usually when a printing job is ordered the customer says: "How soon can I get it?" There is a definite purpose when the printer must save and, having made up his mind, it is necessary that it should begin to serve that purpose as soon as possible.

The Commercial Printing Division of the

Ontario Intelligencer

is equipped to produce printing quickly, consistent with good work. The latest models of fast, automatic presses are at your disposal when orders are placed in this shop. Type-setting, bindery, and other equipment similarly are the most modern available—all for the purpose of fully satisfying your printing demands.

K-Nines Defeat Vikings 20-12

Advancing into Final Series

Will Meet Zeller Nines for Championship of Girls' Softball League

START TUESDAY

"Star" Barrett's K-Nines made it two straight over the Vikings and advanced to the finals in the Junior Mercantile Softball League by virtue of a 20 to 12 win over the Vikings at the Victoria Hotel grounds last evening. In victory the K-Nines advanced to the league final championship series to be played on Tuesday night at the Victoria Hotel grounds against the Vikings.

The K-Nines posted the offerings of two Viking batters in a most successful manner collecting 23 safe hits and driving nine batters from the home's hitting line in the first three innings. The K-Nines scored a quartette of runs in the initial frame to lead the contest and then added five to the second and four to the third from where they were never again threatened.

Many Lakoff accounted for the left-hander the victorious K-Nines, who accounted for a total of 20 runs. The K-Nines were starting support by four left-handed batsmen, and a strong team on the right side. The K-Nines were starting support by four left-handed batsmen, and a strong team on the right side. PAN-AMERICAN UNITED DISCUSSION INOPPORTUNE NOW

Prime Minister King Frowns on Any Discussion of Proposals To Make Canada a United Defense Treaty With U.S.

TIME NOT RIPE

Might Also Be Construed Deliberately As a Sign of Weakness.

Ottawa, Aug. 6 (C.P.)—Prime Minister Mackenzie King told the House of Commons today that the concept of proposals that Canada join the Pan-American Union and make a mutual defense treaty with the United States was inopportune at this time.

Mr. King said the Pan-American Union was a union of nations, and as for Canada had not been invited to join. He said that the United States and the other American nations had not been invited to join the union.

Mr. King said it would be embarrassing to the United States, to the British Empire and to ourselves, and would create misunderstanding and confusion among the people of the United States, if we were to join the union at this time.

Mr. King said that the United States and the other American nations had not been invited to join the union, and that it would be embarrassing to the United States, to the British Empire and to ourselves, and would create misunderstanding and confusion among the people of the United States, if we were to join the union at this time.

TENSION APPEARS TO HAVE EASED

IN ANGLO-JAPANESE SITUATION

London, Aug. 6 (C.P.)—The Ministry of Foreign Affairs today issued the following statement on its attitude on Britain during the night:

"During last night's meeting, a small number of bombs dropped a few distances of southeast England."

"Yesterday afternoon, after a fight of the Royal Air Force down an enemy fighter over the English Channel, the British Government has taken a total of four enemy aircraft down at yesterday's engagements."

Without mentioning specifically the controversial question of the possibility of a declaration of neutrality, the statement said that the British Government was not prepared to make any such declaration at this time.

The statement also said that the British Government was not prepared to make any such declaration at this time.

The War Today

BY DON GILBERT
Canadian Press Cable Editor

Land operations began in the Near East in the west of the war with Italian East Africa forces occupying these towns. The British Rommel in a drive to the west of the southern shore of the Gulf of Aden at the entrance to the Red Sea.

The move was believed to be a large scale offensive from Italy into Egypt, in the same way that Germany's Scandinavian adventure preceded the attack on France and the low countries in April and May. The desert frontier in those regions are heavily defended and the British submarine base for Italian tanks, but the British forces are not based at desert warfare and the water and supply difficulties of the Italian will increase as time goes on.

New Front of Superstition

Both in North Africa and around the British Isles, the Royal Air Force were now proof of its superiority over the enemy. Over the Rappahannock frontier an R.A.F. squadron, although outnumbered two to one, sent them back to their crash in flames and left only two of its own planes.

Over the English Channel Thursday more 400 German fighters and fighters attacked a British courier for fourteen hours. Escaped by the R.A.F., the Germans lost 60 of their aircraft and succeeded in sinking only two ships with a total lossage.

of 3,000 tons. British losses were 15 planes.

No hint came during the week as to Germany's intentions with regard to an attempt to invade the Italian. There was a move after the Italian and German statements of the previous week that Britain is not for a frontal assault, and British kept in close of the Mediterranean.

Churchills wanted to look on all such intentions with suspicion and no in-lieu in defense preparations.

B.C. HIGHLANDERS ENJOY TRAINING IN RURAL ENG.

In the United States, the nation was moved by the warning of Gen. J. J. Pershing, the American First Great War commander, who told his countrymen that Britain must "face the truth without flinching" and urged the immediate transfer of 100 United States divisions to the British army.

With day by Col. Charles Leitch, urged cooperation with Nazi Germany was widely denounced.

On Guard Amid Scenes

Similar To Those In Native Province

READY FOR ENEMY

BY EDWIN JOHNSON

Canadian Press Staff Writer

Somewhere in England, Aug. 10 (CP)—In the very shadows of an air-dreaded battle, a battalion of husky highlanders from Vancouver surprised some of the enemy.

The scene in which these highlanders are operating is somewhat different from the one they expected to find when they embarked for overseas. Most of them had resigned themselves to a life of rugged hardship and mud-spill holes and devastation in the region of France and Flanders where their fathers fought 25 years ago.

Candlelight Procession Concludes Celebration At Famous Shrine

Montreal, Aug. 10 (CP)—Thousands of city lights bobbed through the darkness of Mount Royal's slopes Friday night as a colorful candlelight procession brought to an end the St. Joseph's feast of the Holy Family.

An estimated 20,000 Montrealers gathered in the city's largest park to witness the procession, which was led by the Bishop of Montreal, Cardinal Groulx, and the Mayor of Montreal, Jean Drapeau.

The procession was a beautiful sight, with thousands of people carrying candles and singing hymns. The procession ended at the Shrine of the Holy Family, where a large service was held.

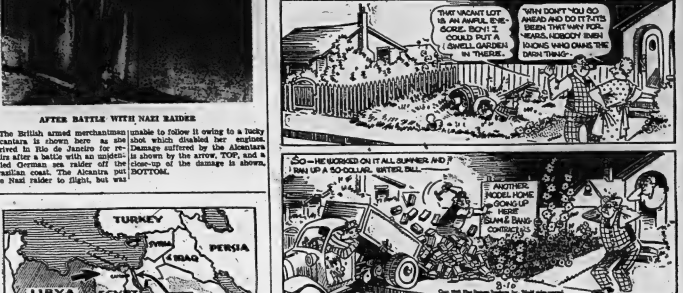

Boys Warned Against Setting Fire to Grass

Many warnings to youngsters regarding the deliberate fires of grass areas in the city, was issued today by Fire Chief William Lynch. The warning followed the discovery of two small boys setting fire to a grassy plot in the rear of the Belleville Crescent neighborhood.

Fire Chief Lynch said that the boys were warned against setting fire to grass, but they did not listen. He said that the boys were warned that setting fire to grass was dangerous and could result in serious injury or death.

Lynch said that he was very disappointed in the boys' behavior and that he hoped that other youngsters would be warned by their example.

BATTLE FOR REEF LIFE LINE

What may prove one of the decisive campaigns of the war, the warfare along the Libyan-Egyptian border for the Red Sea Canal, is set for the first time by the British and Italian forces.

The British and Italian forces are engaged in a fierce battle for control of the Red Sea Canal, which is a vital lifeline for the British Empire. The British are determined to maintain their control of the canal, while the Italians are determined to take it.

His Excellency the Governor-General, Lord Dufferin, is shown in the center of the group. He is surrounded by other officials and members of the press. The photograph was taken during a formal event.

3 Australian War Ministers, Chief of General Staff Die in Plane Crash

R. A. A. F. Plane Falls in Flames Near Canberra

Ministers En Route To Cabinet Meeting At Time—Ten in All Lose Lives in 'National Disaster'

Sydney, Australia, Aug. 13 (AP)—Three members of the Australian War Cabinet and the chief of the General Staff, and six other persons were killed today in the crash of a Royal Australian Air Force plane near the Canberra airport.

Prime Minister R. M. Menzies said the disaster was a "great national tragedy" and the consequences would not be yet fully realized.

The dead were: Brig. Geoffrey A. Street, Defence Minister; J. V. Fairbairn, Air Minister; and Sir John Latham, Minister of the War Office.

Gen. Sir Ronald Smith, Chief of the General Staff, and Sir John Latham, Minister of the War Office, were also killed.

Other persons killed were: Major J. H. M. Morrison, Secretary of the War Office; Major J. H. M. Morrison, Secretary of the War Office; Major J. H. M. Morrison, Secretary of the War Office.

The crash took place en route from Melbourne to Canberra to attend a cabinet meeting. Weather was clear and the plane was flying at 10,000 feet.

Crashes like this have occurred before, but this was the first time that so many high-ranking officials were killed.

The crash was a severe blow to the Australian War Cabinet and the General Staff.

A tree was standing in the middle of the wreckage, indicating that the plane attempted to make a landing.

Mr. Menzies said that "very many more lives were saved in this crash than in the first important one."

Other Ministers were en route to the crash site.

Proper Diet
Most mothers know that what I consider the most important thing in the care of the child is the diet...

No part of the great field of dietetics has made such visible advances in knowledge as does that of the infant and child...

Proper diet for the child must be based on the principles of the proper period. The babies must be fed on the proper food...

Ninth Inning Error Gives Cleveland 6to5 Win Over Detroit as Tigers Crumble

Indiana Now Two Full Games in Lead—Yankees Win Today

McConnell's Big Bat Helps Detroit to Win Over Pirates in Extra Inning

On Monday, the Yankees were to play in the third of the American League series at Cleveland. They are no stronger than they were in the first game, but their pitcher, Walter Johnson, is not yet at his best.

The general hopes of the league are still around the Indians, but the infield, for more years than the outfield, has been built on built solid catcher. The Indians' catcher, who has been called "the best in the league," was the only one who was not hit by a ball.

He was the only one who was not hit by a ball.

showed the winning run to score. The Yankees scored two runs in the ninth inning, but the Indians scored three runs in the ninth inning, and the game was tied.

Firemen Aided by R.C.A.F. Members Subdue Blaze in 4-Storey Tanks

City Is Shaken By Blast When Gasoline Storage Tank Explodes

Three Other Tanks Ignite With Roar—Huge Smoke Clouds—Fireman Ignored

Flames of blast hundreds of feet in the air a few minutes before eight o'clock today when fire ignited four 30,000-gallon capacity tanks of the Cities Service Company located near Southdown street, and in the immediate vicinity of the C.P.R. station.

At eleven forty-five the blast was heard. Fire was coming from the base of the three-story tanks, but firemen were standing by to avert further trouble. Shortly after midnight the Oil Company, subject to terrific explosion, in turning the flames were saved through the efforts of the firemen.

The conflagration started following a fire in the building where tank containers, approximately eight thousand gallons of gasoline, which filled the top of the steel tanks, were being stored. A fire of a magnitude of this kind has not been known to occur in this city.

Thick black columns of smoke poured from the tanks, and the towering flames shot high in the air. A thick cloud of smoke and flames was seen rising from the tanks, and the firemen were seen to be working on the tanks.

Be Sure To Register

Every person in Canada sixteen years of age and over must register under the National Registration Act in the period set for registration, namely, Monday, Tuesday and Wednesday, August 19, 20 and 21.

Registrar Col. W. R. Riorden today requested that it be made clear to everyone that the onus or responsibility of registering rests upon those who have to register and upon them alone.

He also urged that the people make it a point to come out on Monday, the first day of registration, during daylight hours if possible to do so as to avoid congestion. Then there are the two other days, Tuesday and Wednesday, the 20th and 21st, for registration. Wednesday, August 21st, is the last day.

In the case of persons who are ill or incapacitated and cannot attend the registration booth in person, the registrar stated that the deputy registrars will see that duly appointed voluntary assistants or a heavy fee or imprisonment of both together with a further penalty not exceeding ten dollars for each day-during which he or she is not registered after the day upon which registration should have been completed.

It is important to remember that everyone must register or be liable for neglect or failure to register within the given period by means of a heavy fee or imprisonment of both together with a further penalty not exceeding ten dollars for each day-during which he or she is not registered after the day upon which registration should have been completed.

W.P. CHRYSLER DIES OF STROKE

Great Automotive Industrialist Has Been in Ill Health for Some Years

New York, Aug. 18.—(AP)—Walter P. Chrysler, 61, a one-time automobile titan who became one of "America's most successful industrialists," died yesterday at his suburban Long Island home in Great Neck of cerebral hemorrhage. He had been unconscious 24 hours.

A funeral service will be held Wednesday at 11 a.m. RITE in St. John's Episcopal Church, New York. Mr. Chrysler will be laid to rest in the cemetery of the same church.

In later years, operating from his own Chrysler Corporation in New York, Chrysler's quest for more involved many jobs and many changes in salary. His high-powered position on several occasions to take others who he thought greater potential for advancement.

He was the son of a locomotive engineer and his interest in the huge driving wheels and the simple order of his father's regime inspired him to launch his own career as a simple railroad workman.

From this beginning, Chrysler's ambition and mechanical ability led him far afield. In 1906, with \$4,000 in borrowed money and five of his own, he purchased an automobile just to take it apart.

Brooklyn Dodgers Share Lead of Reds to Five and One-Half Games

INDIANS GAIN

City did not appear to have any more bats to spare. This morning it was only an emergency call from Detroit, which had lost its bats without bats in the clubhouse.

The Reds' batting was not the reason why they lost 12 of their last 30 games since the end of July, and as for this season, the Dodgers have been leading Cincinnati since they won from 7-12 the 1-1 game.

ROCHESTER WINGS CAN TAKE LEAD BY WINNING TWO

Leaders Now Only One Percentage Point Ahead of Newark Bears

TORONTO LOSES TWO

Baltimore Orioles Show Little Caller

There's no record balance of a baseball team winning a pennant solely by getting a lead, and that's why Rochester led by one percentage point over the Toronto Blue Jays in the standings.

This situation has existed since Thursday when the Bears made up a one-game deficit that had led to a tie with the Orioles.

There wasn't even much difference in the way they were led. Rochester had to go to Philadelphia to beat the Phillies.

Philadelphia's 3-4 win over the Orioles was a surprise. The Orioles had been leading the league for some time.

50 "Y" BOYS ENJOY A HIKE

Via Q.S.D. and Montreal Farm and Enjoy Dip in Lake

The boys' summer fun club of the Y.M.C.A. went on a hike on Friday, fifty boys and their leaders went on a hike to the Q.S.D. which had been there since their disposal. There they had some more and group games before going for a much appreciated dip in the lake. After lunch, five baseball teams played a basketball game, which was won by Team No. 1, captained by Gordon Backer. Some very good playing was observed. Scores of these boys will be made before long in that company, playing and hitting with grace and skill even now at 13 and 14 years of age.

Another swim was most welcome at this point before the boys started the walk to the Montreal dairy farm. Mr. Geo. Graham had been good enough to allow the boys to visit the farm and get a lesson on how to milk a cow. The boys were very interested in the farm and the dairy.

Flotillas of Motor Launches Operating on Inland Waterways And Various Rivers in Britain

New Fleet Added to the
Royal Navy to Protect
Britain from Nazi In-

MIDGET WARSHIPS

London, Aug. 19.—(C.P.)—The Royal Navy has a brand new fleet. This was the chief discovery by war correspondents in the latest round around Great Britain's defenses which, country after country, are being constructed and equipped.

The fleet now is operating on British rivers and inland waterways, its units being a series of flotillas of motor launches.

From ready lists these small up-to-date boats away and back along the great streams and broad reaches in order to guard against a sudden stroke by German motor launchers, which are being carried in great numbers.

Many of these waterways which could now be swarming with fisherman and pleasure boats, are being used for the purpose of midget warships.

At the moment, they are being used for the purpose of midget warships, which are being used for the purpose of midget warships.

Three British Fighting
Planes Lost Yesterday
Two Saved

London, Aug. 19.—(C.P.)—German raiders were believed to have flown over a southern island town after dark on Monday night, according to night reports over a wide area of Britain.

The air Ministry announced this morning that five German planes had been shot down yesterday's raiders over England, and South Wales and three British fighters were lost. The pilots of two of the British craft were saved, however.

A bulletin was issued stating that the night scout aircraft operated for the most part but over a wide area of England and South Wales and over a few districts in Scotland.

"Damage was done to houses and other property in some towns in southern England and the raiders were in a town in south-western England."

The majority of the bombs, however, fell in rural areas, causing very little damage.

Number of Casualties
"A number of casualties were caused, some of them serious, by yesterday's raiders. In some towns, our fighters, making the night scout, were shot down. The number of our fighters was lost, but the pilots of two were saved."

Last night's raiders, according to reports, were seen in a number of places. Some of the raiders were seen in a number of places.

All Rail Traffic Between Zones in France Suspended

The Paris, France, Aug. 19.—(AP)—All rail traffic between occupied and unoccupied zones of France was suspended today by order of German authorities. It was officially given for the reason that the German railway authorities in the occupied zone of France had decided to suspend all rail traffic between the two zones.

The suspension of rail traffic between the two zones was the first step in a series of measures designed to isolate the occupied zone from the unoccupied zone.

Infections Spread by Finger Tips

By LOGAN CLENDENING, M.D.

EXPERIMENTERS emphasize over and over again that small abrasions on the skin should not be taken lightly. A case of blood poisoning has resulted from a small scratch on the heel from a small splinter in the finger tip. The scratch or abrasion should be washed gently with cotton, dipped in alcohol and when dry, coated with iodine or mercurochrome. If there is any bleeding, however, with sterile gauze.

Children may catch what two places on the body were the most common sites for infection. The answer is finger tip infections and nose and nose infections.

HUSBANDS RATE ZERO - AS DRIVING INSTRUCTORS; BEST POLICY IS TO "LET GEORGE DO IT"

By LOGAN CLENDENING, M.D.

A SPEAKER at a recent convention talked on "How to Teach Your Wife to Drive." His speech was:

"Don't. Let somebody else do it."

Automobile accidents and deaths—almost none in New York—according to a man, appear to drive a car, they say, and even a child can understand the mechanics of driving, but women are in a class by themselves. Husband shouldn't teach their own wives for several reasons:

country goes further and says that nobody else in the family, let alone a husband, should make the talk. Such an experience is not a pleasant one. A woman does not want to be a nervous wreck never learn to drive.

When Men Drive

Despite these threatening words, it's been proved time and again that women are as capable drivers as men.

Their stumbling block, which is ignorance of mechanics, is frequently to their advantage. The average driver, however, who operates it on the theory that he who hesitates is lost, all a woman does is to tip to traffic.

If women weren't good drivers, they wouldn't be driving automobiles. They are, in fact, trusted to transport carloads of people from the war front. One chance in yourself is 98 percent in learning to drive for men or women, and the largest problem in driving is to decide which wheel motorist should be going to.

All the driver has to watch is the side of the road. If he doesn't, it's the ignition system is to be the only thing to do. In either case is to look for both. The greatest need now, says the ladies' press, is to be.

The ladies' press

Here's where most women get men down. Men claim they are also for war and late to dinner, and barely make the slightest impression on the woman driving in front of them. It's not, "the doesn't either," is the assumption, she doesn't put out her hand when she turns a corner but keeps her secret to herself; she is so busy talking with her passenger that she forgets there's a road ahead. There's the mistake the amateur driver makes most often, my car dealer, it's not to make sure they are in the car before, releasing the clutch. That is, if any control, except as much as men as to release the clutch.

Cleveland Indians Lose Fall Game to Detroit by Losing to Boston 16-7

(City Mail White Associated Press Sports Writer)

This is one of those rare occasions—like a total eclipse of the sun. It marks the only time this—or any other—year when a baseball team will play for, not at, the New York Giants.

The Giants are helping their reconstruction trials from across the East River catch up with the New York Yankees.

While the Dodgers were late yesterday the Giants, with a makeshift lineup that included left fielder, and Johnny McPhaden at first, hopped on the field by a 3-2

King Carl Hubbell accelerated the Yankees' performance while his teammates were leading on the field. Hubbell was making his

SHELL OILERS' DEFEAT TRENTON IN SECOND GAME

Local Mudballers Will Meet Kingston in the Second Round Starting Monday

SCORE 15-5-3

Oilers Score 5 Runs in Second and Defensive Ball to Hold Opposition

The emotional fielding of a trio of Trenton Doughnut Company outfielders was hardly sufficient to pull the second game of the first round of the Intermediate "A" C.A.B.A. playoffs here last night as the Shell Oilers defeated the Trenton Mudballers 15-5 in a 3-2 victory.

The local oilers' defense was the first time in Trenton since the series in two straight games having won the first game in Trenton last week by an 11-0 count.

Oilers' third baseman, Larry, winner of the Canadian open last night, was the first to get the Oilers off to a fast start.

SLAMMIN' SAM SNEAD DEFEATS 'JUG' MSPADEN

Lower Minus Two-For-Tot on 18th Green For Tie in Canadian Open

SNEAD SHOOTS PAR

Winner Went Out in 37 and Came Home in 34 Strokes

Toronto, Aug. 20 (CP)—Slammin' Sam Snead, of the University of Maryland, Pa., came to the top of the Canadian open golf championship.

Snead took the title with a par 71 yesterday after the Toronto Golf and Country Club course to a 37 for Harold 'Jug' McSpaden of Winchester, Mass., the 1939 champion, in their 18-hole medal playoff.

The extra round was fought with both men tied with 18 strokes in the regular 72-hole competition.

When Snead won the Canadian title in 1938 at Toronto, McSpaden was also forced to go through 17 holes in a playoff with Harry Cooper of Chicago, after both had 27 holes in the regular round.

Over Minnesota, Snead and Cooper fired 67's and were forced to go an extra nine holes with Snead winning by five strokes.

He looked for a time as if yesterday's playoff would be extended to 21 holes until McSpaden, a usually reliable putter, missed a two-foot putt on the home green.

Both players reached the 18th green in 20 strokes, and tied on the round. However, Snead's ball was only a few feet from the hole while McSpaden's was 20.

McSpaden missed first and his ball stopped 24 inches away.

He needed 10 to sink his five-footer to win but he missed the ball and it stopped short.

The crowd of 1,000 persons lining the green were expecting a further nine holes to be played when McSpaden stepped up and missed his short putt to relinquish the title.

As winner, Snead gained \$1,000 for first prize and the Seagram Gold Cup, while McSpaden gained \$500 in prize money.

In addition, players split half the prize money and the day after tomorrow the day while the other half was turned over to the Canadian Golf Union by the Royal Canadian Golf Association.

Snead was out in 37, one over par, while McSpaden was out in 38, one over par.

Both had par 34 on the home green, but Snead's ball was a few inches from the hole when he fired his 20-foot five-footer.

He needed one for an eagle but he missed the ball and it stopped short. The crowd was expecting a further nine holes to be played when McSpaden stepped up and missed his short putt to relinquish the title.

Oilers' third baseman, Larry, winner of the Canadian open last night, was the first to get the Oilers off to a fast start.

Superiority of Luftwaffe

Not Demonstrated in Recent Battles for Mastery of Skies

London, Aug. 20.—(CP)—The superiority of the Luftwaffe in the recent battles for mastery of the skies has not been demonstrated. The British Royal Air Force has been able to inflict considerable damage on the German bombers, and the German fighters have been unable to achieve a decisive victory. The battles have shown that the Luftwaffe is still a formidable force, but it has not yet been able to establish its superiority over the British Royal Air Force.

London Papers Welcome Action

Of Canada and U.S. to Set up Permanent Joint Defence Board

London, Aug. 20.—(CP)—The London papers have welcomed the proposal for the establishment of a permanent joint defence board between Canada and the United States. The board is expected to be set up in the near future, and it will be responsible for coordinating the defence efforts of the two countries. The board will also be responsible for the exchange of information and the coordination of military operations.

FOE RAIDS SCATTERED

Nazi Fails to Close Channel

London, Aug. 20.—(CP)—The German raiding force has been scattered after failing to close the English Channel. The raiding force consisted of several submarines and surface ships, but they were unable to achieve their objective. The British Royal Navy has been able to track and destroy the raiding force, and the Channel remains open.

German Anti-Nazi Are Routed Up

Chancy, Switzerland, Aug. 20.—(CP)—Hundreds of German anti-Nazi activists have been rounded up in Switzerland. The activists were arrested by the Swiss authorities, who claim that they are planning to launch a campaign of sabotage and terrorism against the German government. The activists are being held in custody, and they are being accused of various crimes.

Pierdon Fatality Has Been Adjudged

Peter Hope, Ont. 20 (CP)—A fatality on the Pierdon railway line has been adjudged. The accident occurred on Monday night, and it resulted in the death of a passenger. The railway authorities have been investigating the accident, and they have found that the cause was a signal failure. The railway has been closed for several days, and the authorities are working to prevent a similar accident from occurring.

Hog Quotations

Toronto, Aug. 20.—(CP)—Hog quotations have risen sharply. The price of hogs has increased by several cents per pound. The increase is due to a shortage of hogs in the market. The hog raisers are pleased with the increase in price, and they are expecting a further increase in the near future.

Britain's Mastery

London, Aug. 20.—(CP)—Britain's mastery of the air has been demonstrated in the recent battles for mastery of the skies. The British Royal Air Force has been able to inflict considerable damage on the German bombers, and the German fighters have been unable to achieve a decisive victory. The battles have shown that the British Royal Air Force is still a formidable force, and it has been able to establish its mastery over the Luftwaffe.

6th Tyendinaga

British Princess Margaret Rose Will Be on Tuesday 10th—(CP)—The British Princess Margaret Rose will be visiting the 6th Tyendinaga. The princess is expected to arrive in the town on Tuesday, and she will be staying at the local hotel. The town is preparing for her visit, and the residents are looking forward to seeing her.

Lewis Gunner Shoots Down

Three Nazi Dive Bombers—(CP)—A Lewis gunner has shot down three Nazi dive bombers. The gunner was part of the British Royal Air Force, and he was flying over the English Channel. The three bombers were flying in a V-formation, and they were attacking a British ship. The gunner fired several rounds, and he hit the lead bomber. The other two bombers were forced to retreat.

FARM BOYS WANTED

London (CP)—A detailed study of the farm boys in Canada has been completed. The study was conducted by the Canadian government, and it found that the farm boys are a hardworking and patriotic group. The study also found that the farm boys are well educated and well trained. The Canadian government is looking for more farm boys to join the armed forces, and it is offering them a variety of incentives.

WESTERN FARMER

Hon. J. G. Gardiner Explains Statement Given by Him at Winnipeg

PROVINCIAL PROBLEM

Regina, Aug. 24.—(CP)—The government has gone a long way in assuring funds to the western farmer to meet living costs this winter, Hon. J. O. Gardiner, Minister of Agriculture, said last night in a statement here.

The statement was in explanation

Mr. Gardiner stated last night: "My attention has been called to Canadian Press reports from Winnipeg of a statement I gave to the Winnipeg Free Press. The state-

ment itself is word for word as I gave it. The lead would indicate that the meaning of the statement was that the provincial and municipal governments must solve the problem of providing for western farmers this winter.

"I think the wording of the statement means that the federal government has already gone a considerable distance in order to provide the farmer with money to carry him through the winter. The suggestion is that the provincial

He added: "It appears to me that there may be a problem to provide that farmers are in a position to

live through the winter as a result of having received any amount obtained. This would appear under our constitution to be a problem to be dealt with by the provinces, municipalities and creditors working in co-operation with the farmers."

Edmonton Eskimos, That
Club Having Disbanded

Calgary, Aug. 27.—(AP)—Calgary's new team, the Calgary Broncos, opened the season today by losing to the Edmonton Eskimos, 14-7, in a game played at the University of Saskatchewan stadium.

The Broncos, a mixture of veterans and rookies, were defeated by the Eskimos, who were the defending champions of the Western Inter-Provincial title.

Larry Haynes, Broncos' new coach, a native of Stanley, Alta., and only Canadian-born member in the three-man staff, said his object was to keep the team intact for more than a year in the hope of bringing Calgary to first Western football title this fall.

All the players have spent and are determined to average the 30-7 triumph.

Bronks lost seven of their 10 games last year, including five to the three-time champion, since last season and have been forced to play for more than a year in the hope of bringing Calgary to first Western football title this fall.

The Broncos, formerly of Edmonton, were defeated by the Eskimos, who were the defending champions of the Western Inter-Provincial title.

Problems of coaching might be solved in Al Tabor, formerly of the University of Saskatchewan.

Chuck Milne, of Stratford, Ontario, who played defense for Calgary last year, was named captain.

Joe Turner, a Calgary product who is assistant coach at Queen's University last year, has been named coach of the team.

PURCHASED FOR \$100,000.

"Baird," hailed as the world's fastest player after he had been purchased from the Eskimos for \$100,000 by a group of investors, is believed to have been brought to the U.S. by Baird recently arrived in the breeding program.

Damage Suffered by Britain's Armed Services and Multiplex Commercial System Almost Nil

By SAM ROBERTSON
Canadian Press Staff-Writer
London, Aug. 26.—(CP Cable)
It is almost three weeks since the
first started unleashing heavy aerial
attacks against the United Kingdom,
but the damage suffered by Britain's
armed and multiplex commercial
systems—the vital arteries of war
and life—has been a pitiful one.

Until Britain has managed to cri-
pitate one or other of these, she al-
ways to deliver a knockout blow into
the sky must be regarded as a
failure.

And it is that to date, regardless
of the heavy bombing attacks and
the damage to the civilian popula-
tion, the damage to the armed and
multiplex commercial systems has been
almost negligible.

During the heavy night raiders in-
vaded large-scale attacks of the
London area, bombed the central
part of the metropolis for the first
time and rained bombs on the in-
dustrial midlands for several hours.
But nowhere were the casualties
heavy or the damage great.

The London area and the mid-
lands are among the most populated
districts on this island of some
50 millions. It would seem that even
bombs tossed at random would be
likely to cause havoc. But the ex-
perience of the last few days has
shown that the damage to the armed
and multiplex commercial systems has
been almost negligible.

It has been privileged to see
highly secret reports after word
came from the Canada of serious
damage reaching the Dominion.

Cleveland Indians, who despite
the odds, managed to beat the
Washington Senators.

The Indians, who were down
in the last three games, seemed
to be dropping of their own
power, but in the three of
the season, they were able to

Co-starred with Rogers is Gaby Hayes, whose Pauline Moore plays the feminine Off-limits. The picture is a packed drama full of thrills and suspense "Parole Racket" starring Paul Kelly and Rosalind Keith. The Universal News of the world and seventh chapter of the serial "Back Rogers" cloaks the big double bill.

Civil Disobedience Campaign in Belgium

Belgium (AP)—The first move of a new civil disobedience campaign in Belgium for refusing to grant Italian immediate release of German prisoners of war, began today.

Defying the government's ban on such actions, a group of anti-fascist volunteers of the all-Belgian front, the "Front de libération," decided to offer themselves for arrest.

Seven Canadian volunteers also joined the campaign's headquarters in Brussels.

Earl Oliver Receives Injuries

Empty Hull—Mr. Earl Oliver is in the military hospital at Kingston suffering from injuries received in a motor car accident in Na-

James on Wednesday evening. A
compelled by a number of soldiers
from Kingston, he had attended to
Fair and was returning to King-
ston when his car collided with a
other car at the corner of Brid-
and Centre Streets. The car was
overturned and Earl and another
soldier were admitted to the Ge-
neral Hospital, Kingston, but was
later removed to the Military Ho-
pital. Friends hope he will soon

WHY GASOLINE PRICES SHOULD VARY!

Costs of refining are not equal... costs of handling differ... costs of distribution are not the same... all companies' overhead charges are vastly different.

So why pay more than necessary for First Grade Premium Quality gasoline? It isn't necessary.

GOOD RICH "GOLD STAR" gasoline is refined by the most efficient and economical methods under rigid control by skillful, qualified chemists, in the largest independent refinery in Canada.

All savings in production — handling — distribution and overhead are passed along to motorists.

50-51 VICTORY FOR TRAINING IN U.S. SENATE

Procedural Measure Now Goes to House of Representatives, Debate Likely to Begin Tuesday

MAJORITY EXPECTED

Washington, Aug. 28 (AP)—The battle for peacetime conscription half way by a 50-51 vote victory in the Senate, supporters of the North-Western Company Military Training Bill suspended their forces today for the fight to come in the House of Representatives.

The bill, as passed, was substantially unchanged in its essentials from the version originally recommended by the Senate Military Committee. One major addition would give the government the power to "conscription" industry for defense, if necessary.

The victory of the Senate was expected to hasten the House's action on a somewhat different version of the North-Western bill which it is considering.

House debate is tentatively scheduled to start Tuesday and is expected to last at least four days. Proponents of conscription were optimistic that the bill would be passed, and opponents of the measure privately considered that chance of defeating it was slim.

Small Number Of Fatal Injuries In Raid on London

London, Aug. 28 (CP)—A small number of fatal injuries resulted from German air attacks on London during the night when raiders "dropped bombs at random," it was announced officially this morning.

In the London area houses, shops and a church were damaged, said a bulletin issued by the Ministry of Air and Home Security.

There also were fatalities in a railroad town and in a number of towns in the northeast and northwest and in other parts of the country.

ACTS-448 FLOOD-FIGHTS

London (CP)—New protective acts against flooding, which came into force last week, have been the first time they have been applied to London flood areas including the active river estuary.

After First Year of War

By J. P. HANCOCK

London, Aug. 31 (CP)—A year of war has resulted not only in military operations in Europe but also in the political and economic changes that are taking place.

A year ago Germany stood as the dominant power in Europe.

The smaller states of Europe, the Scandinavian countries and the Balkan countries, were practically all under German control.

At the present time, the German position in Europe is still strong.
